Portraits

What is a Portrait?

A portrait is a picture of a one person or a small group of people.

People can make portraits in lots of ways, using different materials, techniques, equipment, and colours.

Some Portraits by Famous Artists

How are they
similar?

How are they
different?

Which is your
favourite? Why?

What is a Self-Portrait?

A self-portrait is when an artist makes a picture of himself or herself.

Leonardo da Vinci used chalk on paper.

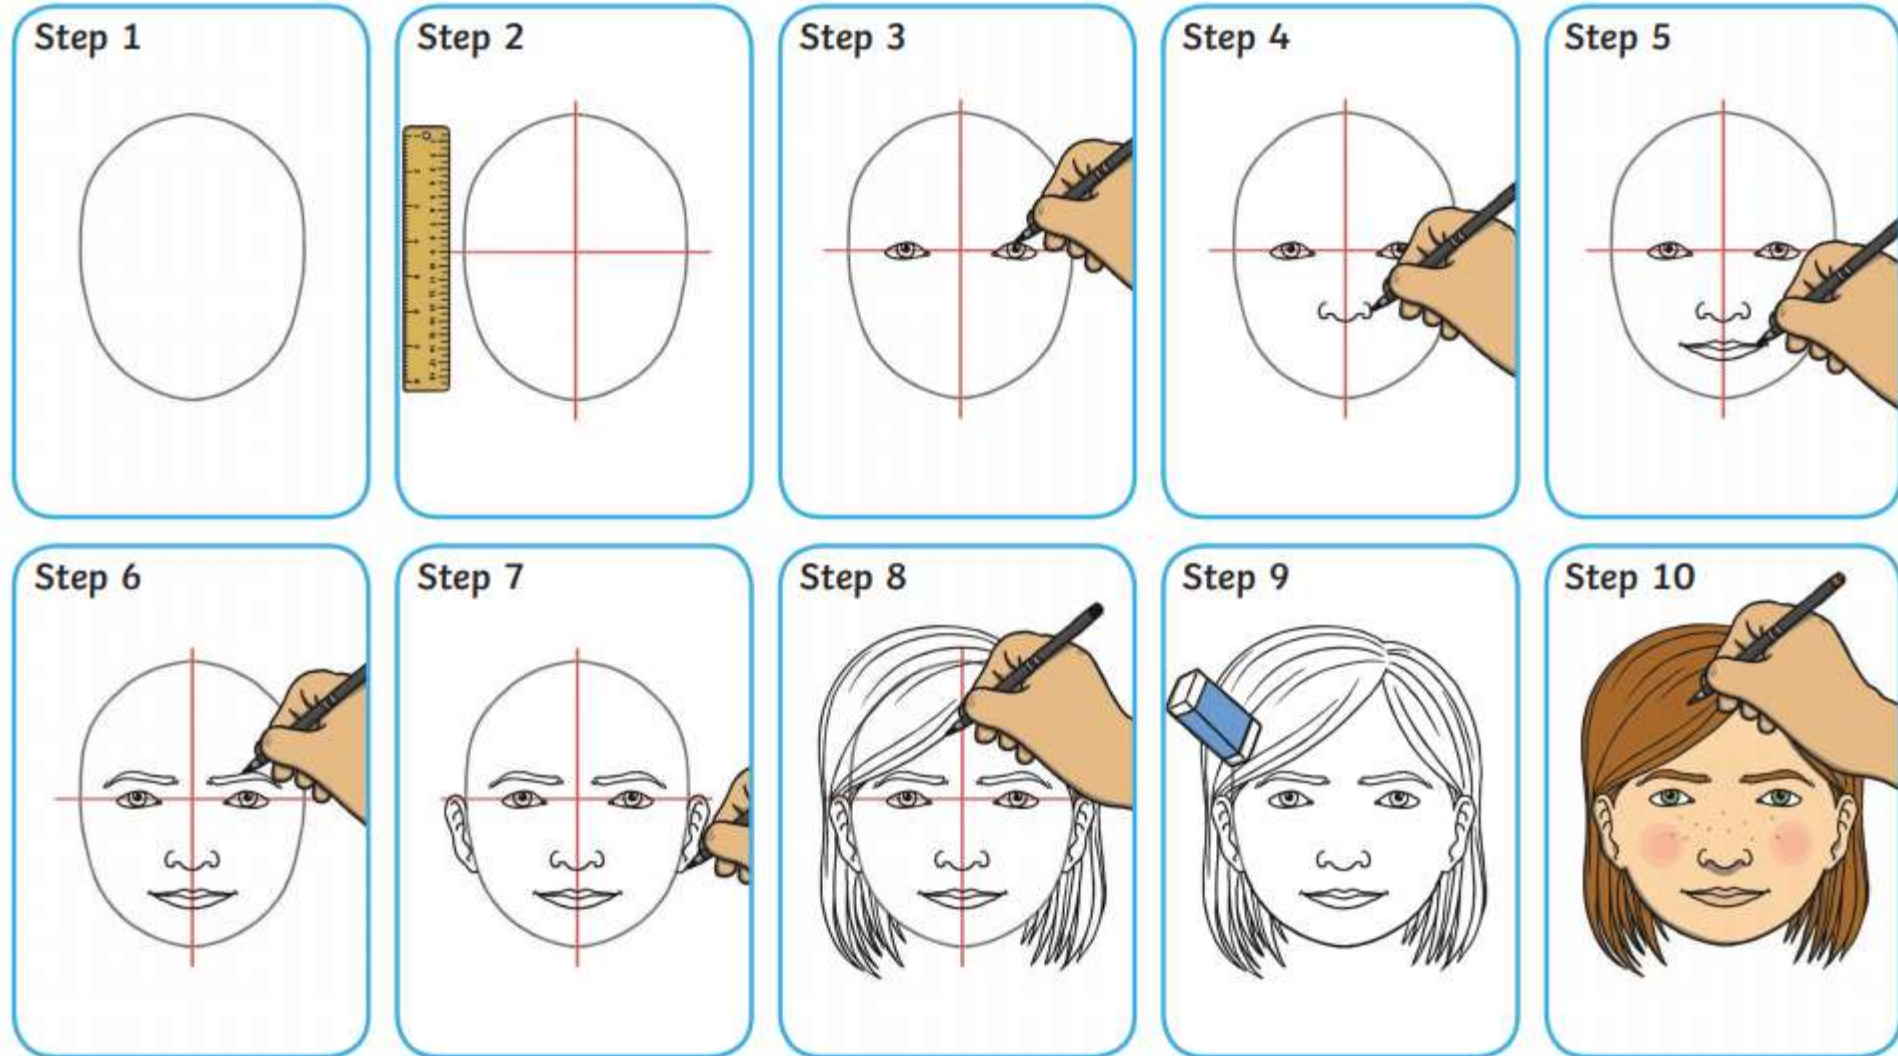

Andy Warhol used photography and screen printing.

Vincent Van Gogh used paint and swirling brush strokes.

Can you remember the steps to draw a self portrait?

Look in the mirror and have a go at drawing a self portrait.

Then have a look at someone who lives in your house and try to do a portrait of them too.
