

Maths:

Today we are recapping...

Time – comparing time – CHALLENGES!

Five in five

1. $7 + 13 =$ _____

2. $20 - 6 =$ _____

3. Double 6

4. Half of 6

5. Monday, Tuesday, Wednesday, Thursday,
Friday, Saturday, _____

Maths Challenge!

If each person in our class read a book and I finished first, would that mean that I am a **faster** or **slower** reader than everyone else?

Explain your answer.

Maths Challenge!

Write a comparison using the words **faster** and **slower** in the same sentence.

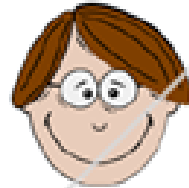

Maths Challenge!

Jayne:
2 and a quarter
minutes

Johnson:
2 and a half
minutes

Adrian:
2 minutes

This is how long the children took in a race against each other. Use the words faster and slower in a sentence to compare who came first, second and third.

Extra Maths Challenge!

Jenny is having a party.

Five of her friends are coming to the party.

Use the clues to work out when her friends arrived.

- Sarah arrived later than John and Paul.
- Ben arrived later than Sarah but earlier than Laura.
- Paul arrived the earliest.

1st _____

2nd _____

3rd _____

4th _____

5th _____
